Maryville, TN 37803
Attn: Luis Soltero

Reference: Iridium Compatible Equipment ("ICE") Certification – Global Marine Networks webXaccelerator

Dear Luis:

Based upon Iridium Satellite LLC's ("Iridium") review and Global Marine Networks. ("Global Marine") successful fulfillment of all of the requirements specified, Iridium hereby certifies the webXaccelerator for commercial use in connection with Iridium's constellation of low-earth orbiting satellites, ground network and Iridium communication equipment ("Iridium Communications System") as follows:

Equipment Description:	Global Marine webXaccelerator
Test Description:	Testing based on Iridium Compliance and Test Requirements for VAM Products
Test Report:	RPT_04388_Marine_Networks_webXaccelerator_Test_Report.pdf
Conditions:	Testing did not include firewall filtering, automatic failover testing, multiple broadband device testing, bandwidth restrictions, or voucher pin codes.

This certification by Iridium is limited in scope to the specific capabilities defined in the ICE specifications provided by Global Marine and successfully tested as described in the Test Description. This certification certifies only that (a) the Iridium Communications System and (b) any Iridium product or service that is used in conjunction with the ICE, are not harmed, impaired, hindered, damaged or otherwise adversely affected by the ICE. Iridium does not certify or otherwise make any representation or warranty to the public or any third party or end user as to the quality, effectiveness, reliability, performance or safety of the ICE, and any representation or statement by Global Marine (or its agents or distributors) to the contrary shall result in immediate withdrawal of this certification.

In the event Global Marine enhances, upgrades, modifies, changes or the revises webXaccelerator ("Enhanced ICE"), Global Marine must obtain a re-certification letter from Iridium in order to market and sell the Enhanced ICE. Failure to obtain re-certification shall result in immediate withdrawal of this certification.

In the event that a significant ICE defect or abnormal scenario (including a significant Iridium Communications System defect which can reasonably be attributed to the ICE) is identified subsequent to the issuance of this certification letter, Iridium reserves the right to immediately withdraw certification of the ICE at any time. Global Marine shall cooperate with Iridium as necessary to evaluate the defect and to re-issue such certification of the ICE.

Should you have any questions regarding this certification letter, please contact the under-signed at +1.703.287.7484.

Sincerely,

Le-Marie V.J. Thompson
Senior Product Manager, Product Management
