(2) Availability of Limited Service. Service is generally available to satellite terminals equipped for this service when within the satellite footprint. Service is furnished to Customer and Customer’s authorized user(s). A telephone number may not appear in more than one terminal. Customer has no property right in such number. Global Marine Networks, LLC, reserves the right to assign, designate, or change such number, when, in its sole discretion, such action is reasonably necessary in the conduct of its business.

(3) Global Marine Networks Service. Customer has contracted to have Global Marine Networks, LLC, provide the service under the terms detailed in this Agreement. Basic Satellite Service is provided via the Inmarsat network utilizing land earth stations. Inmarsat service is provided through stations operated by Inmarsat plc. Global Marine Networks, LLC reserves the right to change rates at any time.

(4) Renewal; Termination; Deactivation of Service. All plans are automatically renewed on a month-to-months basis at the end of 12 months from the date of service activation. Customers who do not wish to renew their Service Agreement **MUST** provide written notice of termination to GLOBAL MARINE NETWORKS thirty days prior to the end of the contract term. If notice of termination is not received, the Service Agreement will be automatically renewed and fees will continue to be charged to Customer’s account. Notice of cancellation should be send either by email to activations@globalmarinenet.com, or in writing to: GLOBAL MARINE NETWORKS, Customer Service Department, 2668 Jericho Road, Maryville, TN 37803 USA, no less than thirty (30) days prior to the expiration of the term of this Service Agreement.

Global Marine Networks reserves the right to terminate this Contract at any time during the contract period.

(6) Data Transmission Use & Dropped Calls. Due to the technical nature of data setups and the inherent sophistication of data transmission through a variety of satellite and other operating systems,

Global Marine Networks makes no representation as to the success of voice or data calls through any system. Customer agrees that all data call attempts regardless of ultimate successful transmission and termination will be paid for and no credits will be given in the event of a dispute of this nature. Along with potential incorrect use (i.e.: next to a building/obstruction), all satellite systems (including low earth orbiting satellite constellations) have inherent flaws and anomalies that can create dropped calls of either voice or data nature. Dropped calls will not be credited. Global Marine Networks can provide data setup technical support beyond the normally provided setup instructions at an additional charge. Please consult with a sales representative for more details.

(7) Invoicing; Guarantee of Payment for Services. Global Marine Networks will invoice customer on a monthly basis. The bill is due and payable upon receipt. Monthly recurring charges are billed current each month and airtime is billed monthly in arrears. Customer understands that Customer is responsible for all air time charges, including but not limited to direct airtime, long distance and roaming charges (if applicable), and charges for any Customer-elected, value-added services (when available). Payment must be made in U.S. Dollars. Customer requests for direct billing are subject to credit approval and may be subject to required deposits and/or direct payment by credit card or a guarantee authorized against a valid accepted credit card. It is the Customer's responsibility to notify Global Marine Networks when their credit card renews (with the new expiration date and any other changes) or if they wish to change credit cards. Failure to provide Global Marine Networks with updated credit card information could result in suspension of service, deactivation of the SIM card, and a reactivation fee.

(8) Taxes. The price of service does not include sales, usage, excise, ad valorem, property or any other taxes or fees now or hereafter imposed, directly or indirectly, by any governmental authority or agency with respect to the Service. Customer shall pay such taxes or fees directly or reimburse Global Marine Networks. A 2.75% FCC Regulatory Fee is assessed against all service and voice airtime usage.

(9) Deposits. Mobile Satellite services are granted subject to credit approval by Global Marine Networks. Global Marine Networks requires the establishment of credit or the ability to pay invoices according to the established terms. Deposits of \$500.00 to \$1,000.00 are usually required for Non-US citizens or customers who do not have established credit. Customers will be advised prior to service activation if a deposit is required. Deposits will be refunded at service or contract termination.

(10) Foreign Credit Cards. Foreign credit cards will be accepted only after a complete verification has been done with the issuing bank. The issuing bank must contact the credit card holder and confirm the authorization for the charge to be approved. Verification of foreign credit cards may delay order processing for up to 72 hours. The deposit requirements in (9) above will still apply. Global Marine Networks reserves the right to decline any credit card transaction.

(11) Non-Payment; Breach. A late charge of the lesser of 1.5% per month or the maximum percentage allowed by law will be applied to each of Customer's service bills not paid by the due date. This late charge is applicable to the unpaid balance as of the due date. Customer shall pay Global Marine Networks all costs including, without limitation, reasonable attorney's fees, the fees of any collection agency, and any other costs incurred by Global Marine Networks in exercising any of its rights under the Agreement. Should Customer's service be suspended for non-payment, Global Marine Networks will charge a decommissioning fee of \$50.00 per mobile terminal for re-activation of the suspended terminal. Global Marine Networks charges a fee of \$35.00 for returned checks.

Global Marine Networks shall not be liable for acts or omissions of other carriers, equipment failures or modifications, acts of God, strikes, government actions, or other causes beyond our reasonable control.

(13) Subscriber Terminals and Equipment. Global Marine Networks is not responsible for the installation, operation, quality of transmission or maintenance of Customer equipment. If Customer's equipment is stolen, Customer should notify Global Marine Networks immediately, but will still be held responsible for all charges as agreed upon in this Service Agreement.

This Service Agreement may not be assigned, modified, changed or discharged, in whole or in part, except by an agreement in writing signed by all parties. This Agreement will be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors and assigns.
